# DATA INFOGRAPHIC

---

The background of the slide features a wide-angle aerial photograph of the Hong Kong skyline at dusk or night. The city is densely packed with buildings of various heights, illuminated by their lights. In the foreground, the silhouette of a large, dark, curved shape, possibly a bridge or a large building, cuts across the frame. The sky above the city is a deep blue, transitioning into a lighter, yellowish hue near the horizon, which is visible through a range of mountains in the distance.

**THANK YOU**
